Triathlon Ontario Member:

Cost: FREE

Non Member:

Cost: FREE

This course is tailored to anyone that would like to be a registered official at a Triathlon Ontario sanctioned race, is interested in learning more about the rules of Triathlon or someone that would like to experience Triathlon in a unique and interesting manner. This course explains the practical application of the ITU rules as well as the theory and logic behind them. It also highlights the role of the Official and how rewarding it is to volunteer as one.

Once completing the course, training will include shadowing an experienced official at two races. We require every official to be a Triathlon Ontario member. Membership as an Official is FREE as long as one race has been officiated within the season. Congratulations! This is your first step into the world of Triathlon Officiating.
